

SIMO Corporation

SIMO has been a privately owned furniture manufacturer for almost 40 years. Its stake in the industry is its unparalleled craftsmanship and customizable solutions. Professional grade office furniture that adheres to environmental promises and is made with care and investment makes SIMO a proud partner and important producer in North American furniture manufacturing.

Premier customer services include personalized attention combined with high tech capabilities to provide you with the best of the business world.

SIMO offers complete project solutions. Our full range of professional grade solutions includes: casegoods, conference, soft seating, reception and custom products. SIMO affords the ease and confidence of being a single source for dealers and designers alike. SIMO guarantees all products arrive on one date, and that all finish, detail and matching choices are consistent and of the highest quality.

SIMO excels in modified and custom design solutions. Our experienced team works with designers to create custom product including boardroom, reception, lockers, hotel furniture, soft seating and casegoods solutions.

SIMO's attention to detail and quality has always been the force behind its popularity within North America. Stunning veneer craftsmanship and customized furniture pieces are the trademarks of a company whose goal has always been to create an elegant and lasting product. Today SIMO is one of the highest quality and detail of craftsmanship companies in the office furniture industry. Fueled by product development and plant expansions SIMO has continued to grow as a leading designer and manufacturer of professional grade office furniture solutions.
