### Artsy Office Furniture

SIMO collaborates with artist Jason Gogo to craft a fun and wild boardroom table for a charity event.

This unique table will be auctioned off this weekend at the "Street of Dreams Gala" where proceeds will fund a refuge for abused children.

The art work "**Precious**" is expected to fetch \$20,000. Using gold, silver, pearl dust, and paint, the eccentric artist created this one of a kind conference table in the realm of organic expressionism.
